

# TREE PRICING

Storeyland has streamlined our process of pricing trees. . .

In the past, trees were priced by the foot with baling and sales tax added on at checkout. Now, we have created a formula that includes everything into one, easy cost. The price of your tree now includes shaking, baling, drilling (for a Tree Tech or Answer stand), and sales tax. Now customers can look at the chart below and know exactly what the total cost will be for their desired tree.

Height(Ft.)	Spruces/Pines	Firs	Height(Ft.)	Spruces/Pines	Firs
